*To all that worked on my beautiful cat,*

*Please know how completely pleased I am with the job you did with my cat. The pose he is in is so typical for him, a perfect result of the phone conversation we had before he was 'set', where you asked me the correct questions and carried out my answers perfectly. The very high level of skill and care that went into his work is most obvious and greatly appreciated.*

*His fur is just as silky as ever and he looks exactly like he used to. And even though I can never again hear his 'cordlike' voice or his frequent purring, it's good to know that at least his vocal chords and purring mechanisms (whatever they are) are still there. Not to mention how easy he is to take care of now and, considering he was an indoor/outdoor cat, that I'll never have to worry about where he is again.*

*The thing I find to be the most surprising, though, is how much I feel like a big part of a void in my life has been filled again, permanently! I never expected so good a result or such a good feeling from it.*

*Please know that the reason I chose you was that your web site made it clear that this would not be a fast process, while your competition emphasized speed. So, having a very long term view of all this, I went with you. If ever something was worth the wait, this is it for me!*

*Thanks again.*

*Appreciatively,*

*John K.*
